## I. INTRODUCTION

A consolidated schedule of post adjustment classifications and threshold figures used for calculating rental subsidies (or deductions) is attached.

Names of countries and areas, which appear in English alphabetical order, are indexed in French in the list attached to the schedule.

In cases where only one post adjustment classification is shown for a country, normally for the capital city, that classification will be applicable for all duty stations within the country.

This schedule is effective **1 September 2020**, unless otherwise indicated, and supersedes any schedule previously published. It is available on the ICSC home page <http://icsc.un.org>

On trouvera ci-joint un barème mis à jour du classement des lieux d'affectation aux fins d'ajustements des indemnités de poste et des seuils aux fins du calcul des allocations (ou déductions) de logement.

Les noms des pays et localités figurent par ordre alphabétique anglais. On trouvera à l'index annexé au barème les noms en français.

Dans les cas où une seule classe est indiquée pour le pays, en général pour la ville capitale, cette classe s'applique à tous les lieux d'affectation dans le pays.

Sauf indication contraire, le barème ci-joint entre en vigueur le **1er septembre 2020** et remplace tous les barèmes déjà parus. Il est disponible sur le site internet de la CFPI: <http://icsc.un.org>.

**IV. Special measures to mitigate the negative impact of the COVID-19 global pandemic on post adjustment classifications of group I duty stations**

1. Given that the ICSC has suspended its survey programme as a result of the disruptions in global markets, and the attendant lockdowns, both legally established and de facto, due to the impact of the COVID-19 pandemic, the ICSC Chair has decided, under his delegated authority, to approve the promulgation of a special measure for group I duty stations where staff incur a significant share of local expenditures in non-local currencies, with effect from 1 June 2020, until further notice. This measure entails a modification of the 0.5 percent rule, to guarantee stability of each of two separate portions of the net take-home pay (NTP), one set in local currency and the other in US dollars. The proportions of the two NTP components are based on the proportions of local expenditures incurred in local and non-local currencies, as measured with the most recent place-to-place survey at the duty station. See document ICSC/CIRC/GEN/06/2020 for details. Please note that five duty stations were found to be eligible for this special measure: Bulgaria, Croatia, Hungary, Poland and Romania. For September 2020 however, the measure was not applied to any of the eligible duty stations, because the post adjustment multipliers derived from using the special measure turned out to be lower than those based on the 0.5 per cent rule.

**V Cost-of-living surveys**

2. The results of cost-of-living surveys for duty stations listed in Table 1 are included in the attached Consolidated Post Adjustment Circular.

**Table 1:** List of surveys by duty station for September 2020

<b>Duty station</b>	<b>Type of survey</b>	<b>Date of survey</b>	<b>Survey materials received</b>
Burundi	Place-to-place	March 2020	May 2020
Mali	Place-to-place	February 2020	April 2020

**VI. Duty Stations with Personal Transitional Allowance (PTA)**

3. Under the existing system of operational rules, the PTA is adjusted periodically until it is phased out. During an adjustment month, the new PTA is calculated by reducing the pay index for existing staff by 3 per cent, and then subtracting the prevailing pay index. Table 2 is a summary of all PTAs in effect as of 1 September 2020.

4. In line with the special measures, ICSC/CIRC/GEN/05/2020, to mitigate the negative impact of COVID-19 pandemic on post adjustment classifications of group II duty stations, the PTA revision cycle is frozen as of 1 April 2020 and there will be no further downward adjustment

of the PTA for the five duty stations in Table 2, until the special measures are discontinued. The existing PTA will be applied to all staff at the duty station (not just staff on post before the date of implementation of the survey results) as of 1 April 2020 and the revision cycle will resume its regular course upon the lifting of the special measures. Staff on post after the first implementation of the PTA, but before 1 April 2020, are not eligible for the PTA for the period of service before 1 April 2020, the date that the special measure came into force. Table 2 also provides the applicable start date of the PTA to all staff.

**Table 2:** Summary of personal transitional allowances (PTAs), as of 1 September 2020

<b>Duty Station</b>	<b>Existing PTA</b>	<b>PTA starting date</b>	<b>All staff eligible from</b>
Angola	9.1	1 March 2020	1 April 2020
Maldives	3.1	1 June 2020	1 June 2020
Qatar	11.1	1 October 2019	1 April 2020
Russian Federation	3.0	1 October 2019	1 April 2020
Zimbabwe	22.5	1 February 2020	1 April 2020

## **VII. One Month Rule**

5. Due to sustained substantial inflation over the past six- and twelve-month periods, the one-month rule continued to be applicable for **Lebanon** and **Sudan**. Under this rule, the post adjustment multipliers of Lebanon and Sudan are reviewed on a monthly basis during the period of substantial inflation. In accordance with the one-month rule, the applicable post adjustment multipliers effective 1 September 2020 are listed in the attached Consolidated Post Adjustment Circular.
