International Civil Service Commission (ICSC), New York, ICSC Database.

Source:

Commission de la fonction publique internationale, (CFPI) la base de données du CFPI, New York.

Note:

Consumption patterns may vary from those of the local population and therefore the indices cannot be considered as reflecting the general cost-of-living in the cities.

1. Rates are those relevant to calculation of cost-of living indexes for international officials.
2. Housing consists of rent, utilities and domestic service.
3. The "total" index was calculated on the basis of the cost of government or subsidized housing which is normally lower than prevailing rents.
4. Publication of the RPI for Estonia and New Zealand will be suspended as of December 2022 as cost-of-living surveys have not been recently conducted by the ICSC for these locations. For more information, contact the ICSC.
5. Due to the lack of reliable CPI data at this location, reported RPI for Venezuela may not adequately reflect the evolution of price levels.
6. Owing either to the use of outdated survey results or to changes in the methods for the post adjustment classification of some selected duty stations, their Retail Price Indices no longer meet the minimum quality criteria for dissemination. The publication of the Retail Price Index will be discontinued after October 2026 for Afghanistan, Hong Kong, Iraq, Ireland, Libya, Lithuania, New Caledonia, Slovenia, Syria, Tonga and Yemen. All users are urged to consider exploring alternative options until the RPIs for such duty stations may be published again, following the successful implementation of a place-to-place survey in the future.

Note:

Consommation peut différer de celle de la population locale, ces indices ne peuvent pas être considérés comme reflétant le coût-de-la-vie général dans les villes considérées.

1. Les taux sont ceux employés pour calculer les indices du coût de la vie des fonctionnaires internationaux.
2. L'habitation se compose du loyer, de l'électricité, du gaz et de l'eau et des services domestiques.
3. L'indice "total" a été calculé sur la base du coût de l'habitation fournie par le gouvernement ou subventionnée normalement moins élevé des loyers courants.
4. La publication des indices pour l'Estonie et la Nouvelle-Zélande sera suspendue décembre 2022 à cause du manque des enquêtes récentes sur le coût de la vie. Pour en savoir plus, veuillez contacter la CFPI.
5. En raison de l'absence de données fiables sur l'IPC de ce pays, il est possible que l'indice fournie pour le Venezuela ne reflète pas l'évolution du niveau des prix.
6. En raison de données d'enquête obsolètes ou de changements dans les méthodes de classification utilisées pour l'ajustement de poste, les indices des prix de détail (IPD) de certains lieux d'affectation ne répondent plus aux normes minimales de qualité requises pour leur diffusion. Leur publication cessera après octobre 2026 pour l'Afghanistan, Hong Kong, l'Iraq, l'Irlande, la Libye, la Lituanie, la Nouvelle Calédonie, la Slovénie, la République arabe syrienne, les Tonga et le Yémen. Les utilisateurs sont invités à recourir à d'autres solutions jusqu'à la reprise éventuelle de la publication des IPD, à la suite d'une future enquête de comparaison entre lieux d'affectation.
